Heartbeat Performing Arts Center – Summer 2025 Eight-Week Schedule: July 7 – August 29, 2025

With genuine warmth, you are welcome to Heartbeat Studios. We take pride in the fact that our professional studio teaches more than dance, singing and acting by providing life enrichment to our students through the performing arts. The students at Heartbeat are celebrated and we make learning fun! We are sensitive to using only age-appropriate music, choreography and costumes. Through our Academy Program, we develop dancers, singers and actors for college and professional careers. We teach appreciation, dedication, commitment, confidence, self-esteem and many other life skills. We teach respect for teachers, fellow students and for the performing arts. All students are equally important at Heartbeat whether they dance, sing or act for recreation or for a future profession. We have classes for everyone and “*we teach from the heart!*”

♥ MISSION

Heartbeat’s mission is to **help** students of the performing arts recognize the value of dance, singing or acting, and respecting its perpetual rebirth in society. **Encourage** the development of each student’s individuality and uniqueness through artistic expression. **Provide** each student with high quality performing arts education and **enable** them to experience its life-enriching benefits. **Give** the students opportunity to understand that the performing arts have an amazing history and are a universal language. Continually **nurture** their interest in the performing arts and appreciation of it as a personal journey to **enhance** their life.

♥ CLASSES TAUGHT FROM THE HEART IN A NON-COMPETITION ENVIRONMENT

Heartbeat promotes a non-competition environment where instructors teach by encouragement – not by intimidation. We are a performance studio and choose not to be involved in competitions because we appreciate and advocate dance, singing and acting as art forms and not sports. Our focus is on correct training and technique by professionals in the fields of dance, singing and acting. We provide performing opportunities throughout the year for all ages to share the beauty and emotional and intellectual stimulation of the performing arts with the public. We also want to provide long-term life-enriching experiences in the performing arts for our students. Hand-in-hand with this is our goal to develop the students’ trust in dance, singing and acting, encouraging them to take on the responsibility of raising the bar on their own potential. The performing arts are more than a physical presence and we nurture a truthful, not artificial, connection between the performer and the audience. We allow the students to immerse themselves in what is happening and to internalize their artistic voice because it is only then that it is real.

♥ HEARTBEAT CELEBRATES DIVERSITY

“Webster’s Definition of diversity. 1 : the condition of having or being composed of differing elements : [variety](#) especially : the inclusion of different types of people (such as people of different races or cultures) in a group or organization programs intended to promote diversity in schools

2 : an instance of being composed of differing elements or qualities : an instance of being [diverse](#) a diversity of opinion.” This definition could also define the performing arts. Performing artists live and thrive in diversity...in fact, it is celebrated through our universal languages of dance, music, singing and acting and experienced in all cultures around the world since the dawn of time. Webster’s definition is missing something though; diversity is magnificent knowledge.

On the human side of diversity, Heartbeat’s teachers and students are from a myriad of ethnic, religious, occupational, educational, cultural, and other backgrounds that range wide and wonderful; ever unique and positively beautiful. Heartbeat’s guest artists come from all over the world, sharing passionately their life’s work to propel diverse sparks of inspiration. Heartbeat’s overseas student/teacher cultural exchange and travel study programs exist precisely to invoke, evoke and provoke diversity education and appreciation through the performing arts. It challenges our students to learn, grow and celebrate the elements and qualities of different cultures; yet grasp the sameness of the world’s human inhabitants.

On the artistic side of diversity, Heartbeat offers its students training for a solid foundation in the performing arts. In tandem, is encouragement to evolve from these foundations to experience the wildly diverse properties and challenges of taking a risk, experimentation and raising the bar on personal potential. By finding their own voice at the crossroads of diversity of thought, opinion, imagination, and life’s encounters; springs our students’ creativity. A pinnacle of creativity is improvisation, from which the word, ‘improve’ can be extracted—a word that is important on so many levels.

Heartbeat cherishes diversity whether human or artistic. We are creative here, therefore if we had a flashing neon sign, it would read, “All are welcome.” In reality, our flashing neon sign is represented by our business practices, opportunities given, how we value our “Heartbeat family” and the examples we set for our students to uplift and applaud each other. Paired with the diversity of dance, music, singing and acting, are the admirable virtues of appreciation, respect and love. These are solid foundations to live and improve by.

♥ HEARTBEAT PERFORMING COMPANIES

Heartbeat Studios’ performing companies provide a year-round opportunity for dancers, singers and actors to perform in front of an audience and to work as part of a team while improving their skills. Companies perform locally at prestigious venues and occasional out of state performances. Companies include Jr. and Sr. tap, ballet, modern, jazz, break dance and hip-hop groups, acting, Heart & Soul choir, and the professional Vox Medusa. Company auditions are held during the summer session. Students must audition for only companies that are within age ranges specified in our class schedule.

♥ HEARTBEAT JUNIOR AND SENIOR ACADEMY PROGRAMS

The Academy Programs are designed for advance dance, singing and acting students who are interested in a serious and focused study of performing arts. The Junior Academy is for students age 9 to 14 and the Senior Academy is for students age 13 (mature) to 18. Each Academy student auditions for dance, singing or acting advance levels for their selected major(s) as their primary focus. Major options are: Ballet, Jazz, Tap, Modern, Hip Hop, Break Dance, Singing, and Acting. Senior Academy students are also enrolled in the Pedagogy program, which is learning the art of teaching dance, singing, or acting, by assisting classes in their chosen major. The Junior and Senior Academies present an annual self-produced show featuring original choreography, playwriting, and songs. Contact Heartbeat for Academy program application information.

♥ MASTER CLASSES

Heartbeat provides master classes and workshops from local and world-renowned performers, choreographers and directors throughout the year. This opportunity links our dancers with the world-wide dance community exposing them to original choreography and technical training they may not otherwise experience.

♥ PARTNER STUDIOS IN TOKYO, BARCELONA, & TRONDHEIM / OSLO

Heartbeat has established travel study/cultural exchange programs with the ARTN studio in Tokyo, Japan and Barcelona, Spain. Since 2000, students and teachers from the respective studios have traveled to study and perform with each other. Heartbeat's students and teachers have made multiple trips to Tokyo and Barcelona. In return, Heartbeat families have provided lodging for visiting students in their homes. Long-time friendships developed, and lives have been enriched. In 2023, with much excitement, the Let's Dance Studio in Trondheim, Norway was added to our travel study/cultural exchange program, along with Oslo National Academy of the Arts.

♥ MULTIPLE PRODUCTIONS ANNUALLY

Heartbeat produces three musical theater shows each year. Our winter show is an original production featuring most of our students in acting, dance and choirs of all ages. Our spring shows are the biggest and most elaborate shows of the year and include a Junior production (Munchkin, Child, Youth and Junior levels in acting, dance and choir), and a Senior production (Junior companies, teens, adults and teaching staff in acting, dance and choirs). Our delightful summer production presents our munchkin, child, youth, junior levels, and junior companies in acting, dance and choir. In addition, our Academies present their self-produced show each spring and our choirs present one concert annually and are featured on all of our musical theatre productions.

Costumes for our winter and summer shows are kept at a low cost, often using apparel found at home or online. Even though our June show costumes are custom-made by professional manufacturers, we always shop for the best price and quality. Costs associated for each show include: Students pay for their costumes and a DVD or Flash-drive recording. Students' families and other audience members are charged for the number of tickets they wish to buy for admission to a specific show.

♥ HEALTH AND WELLNESS PROTOCOL BECAUSE WE CARE ABOUT YOU

When students are sick with colds, flu, or any contagious illnesses or diseases, they are asked to stay home until they have recovered. The same holds true for any visitor planning to enter Heartbeat's building. Students needing to miss classes at Heartbeat can take advantage of Heartbeat's make up class policy.

♥ DANCE LEVELS

A **Beginning Level** class of any discipline covers the basic technique and vocabulary of a dance style. Beginning classes are structured for the absolute beginner through the second-year dance student. Classes are taught to clearly instruct students on correct body alignment, build muscular strength and flexibility and to teach students the basic dance pattern rooted within the dance discipline.

A **Beginning/Intermediate Level** class of any discipline re-enforces the basic technique, alignment and vocabulary of a dance style as well as challenge students' minds and bodies with more complex patterns, multiple turns, developing leaps and faster foot work. Beginning II classes are structured for the second year beginning student who is preparing to move into an Intermediate level of dance.

An **Intermediate Level** class of any discipline is for students who have accomplished the basic technique, alignment and vocabulary of the particular dance style and are capable of handling challenging complex patterns, multiple turns, leaps and fast foot work. Intermediate classes are taught at a much faster pace for the student who is preparing to move to a more advanced level of dance.

An **Intermediate/Advance Level** class of any discipline is for the Intermediate level students who are ready for challenging choreography, physical endurance and flexibility. Intermediate/Advance classes are taught at a fast and demanding pace. Instructors may demonstrate dance patterns only once or twice for the students and will move quickly to the next pattern. Intermediate/Advance levels are for those who are preparing to move to Advance Level.

An **Advanced & Company Level** class of any discipline is for accomplished dance students who are ready for the ultimate challenge of tackling professional level choreography, physical endurance and flexibility. Instructors will move quickly from one pattern to the next. Advance Level is for students preparing for company or collegiate material.

Academy Level is a program designed for advanced level dance, singing and acting students who are interested in a serious, focused and collegiate level study of performing arts. The Junior Academy is for students age 9 to 14, and the Senior Academy is for students age 13 (mature) to 18. Students accepted into the Academy level, must first audition into at least two performing arts companies at Heartbeat during its Summer Session.

♥ IMPORTANT NOTICES

It is very important to check emails received from Heartbeat as this is our established means of communication. Add Kristinheartbeatpac@gmail.com to your contact list to avoid important Heartbeat messages going into your spam/junk folder.

♥ CLASS OBSERVATION

Class observation is from lobby areas only for one parent or guardian of our Munchkin and Child level students. Parents or guardians of our Youth level and older students are asked to either drop off and pick up your child or wait in your vehicle while the class is in session. This is to prevent overcrowding in the building and lessen the chance of spreading contagious diseases.

♥ DANCERS' ETIQUETTE

- Arrive to class on time. The first 15 minutes are crucial to a proper warm-up.
- Wear appropriate clothing and come dressed to dance according to Heartbeat's Dress Code. Students with inappropriate attire will be asked to observe the class instead and will still be charged tuition.
- No talking during class.
- Do not talk on your cell phones or text during class time.
- No gum, food or beverage other than water is allowed in the studio.
- Respect for your teacher and fellow students is one of the most important lessons in the performing arts. Thank your teacher verbally or with applause at the end of each class. Compliment your fellow students for giving their best effort.
- Attendance in class is essential for the development of each student. Frequent absence of a student is unfair to the other students in the class, to the instructor and to the progress of the class. Having multiple absences may require that a student take private lessons to get caught up on technique, choreography, lyric and script memorization, etc. It is at the discretion of each teacher to decide whether a student can perform in a show due to frequent absences, even if a costume has been purchased.
- Come to class with a positive attitude, ready to learn!

♥ HEALTH & SAFETY

- Young students must be walked into the building by their parent or chaperone. Parents should let the teacher or front desk person know if their child is to go home with someone other than the person who dropped them off. Parents should arrive to pick up their child before the class ends. Students must be picked up on time and not left in the lobby. Parents must make sure their child knows not to leave the studio to wait outside. Heartbeat's teachers have other obligations and commitments and are extremely inconvenienced when a student is picked up late.
- In the event of an injury, illness or other medical emergency of a student and his/her parent or emergency contact can't be reached, Heartbeat staff will call 911 to obtain proper medical assistance. In this instance, the student/parent will be responsible for any associated fees for medical services deemed necessary by paramedics and other medical professionals.
- In the event of a potential communicable disease, we ask that the student stays home.

♥ CLASS BEHAVIOR EDUCATION

Heartbeat is extremely concerned about the safety and well-being of its students and staff and holds safety in the studio as a very high priority. Students exhibiting behavior in class that is disrespectful, unsafe or harmful or deemed as unsafe or harmful to any student or staff member will be asked to sit down and observe the remainder of the class. In some situations, if a student has caused harm to another person or his/her behavior is grossly disruptive, he/she will be asked to immediately leave the studio room and parents will be contacted.
